

WOOD STAIN VERNY

CHARACTERISTIC PROPERTIES:

El-Mohandes wood stain is a blend of concentrated dyestuff and universal strainers dispersed in suitable binder and solvents to emphasize their coloristic effect. We have many colors to choose from it, and display the details of woods. Wood stains are used most exclusively on all types of wood, and furniture.

DILUTION:

Wood stains are compatible with Nitrocellulose thinner, alcohol and water.

NOTE:

In case that water is diluent, water will prolong drying time and cause rising of wood fibers.
